Speakers and Topics of Presentation

Day 1

- Dr. Ajoy Kapat (Radical Polymerisation & Organocatalysis)
- Dr. Animesh Nayak (Artificial photosynthesis)
- Dr. Animesh Samanta (Molecular sensors and diagnostics)
- Dr. Bappaditya Gole (Bioinspired Material Chemistry)
- A/ Prof. Basab Bijayi Dhar (Sustainable Catalyst Development)
- Prof. Bimlesh Lochab (Greening Materials and Applications)
- Dr. Biswajit Guchhait (Chemical Dynamics)

14 talks & ~40 posters
2 days of intense
scientific interactions!!!

Day 2

- A/ Prof. Debdas Ray (Triplet Energy Harvesting)
- Dr. Kshatresh Dutta Dubey (*In silico* Chemistry)
- Prof. Parthapratim Munshi (Multifunctional Molecular Materials)
- Dr. Santosh Singh (Next Generation-Energy Technology)
- Prof. Subhabrata Sen (Sustainable Organic Reactions)
- Dr. Tatini Rakshit (Cancer Nanotechnology)
- Prof. Vijay Kumar (Solar Energy Materials)
